New IPO

Open price \$0.90

I participated for a small amount in the IPO. I find these new Marijuana listings often see a dramatic run up in price, the first couple weeks of trading and since the Marijuana sector is in rally mode, I expect this one could move up very nicely. Good promoters and management in the deal.

Share structure: Approx.. 14.5m total shares outstanding (4.4m warrants at \$1)

The float is tight with just over 4 million shares from the IPO free trading.
